

Through our exclusive partnership with Insurance by Ken Brown, a Gallagher Company in Altamonte Springs, Florida, the Amerisure Programs division offers coverage options for swimming pool contractors.

For over 30 years, our partnership with the Florida Swimming Pool Association (FSPA) has provided all lines of commercial insurance coverage to its membership. Members of FSPA who place their coverage with IBKB and Amerisure Programs have access to an exclusive group dividend program. The program has returned over \$2.5 million in premiums to its members.

The program includes contractors who specialize in pool construction and renovation, swimming pool servicing, as well as retail establishments selling pool-related supplies.
